ADMINISTRATOR'S REPORT 4-19-16 Wayne Benner

Meetings Attended and Updates:

1. 32 million from the capital projects fund for a deluxe office building in Anchorage for your own personnel office. Shows you just what the legislature thinks of communities in need of infrastructure projects. 32 million paves the Kasaan Road plus enough for 25 years of maintenance. 32 million builds new water systems for most all small communities in SE.
2. On the bright side SD 210 actually re-instates revenue sharing until at least 2019 where in TB share would be around \$100,000 by 2019.
3. FS Landscape collaborative-----

Tasks and Projects:

1. Don't forget Highway cleanup. Just a reminder that the city council has from the Thorne Bridge to Kasaan Road. School cleanup is May 5th. Also we will be getting on a better schedule to empty trash cans around town.
2. Please go to the POWCAC website and review the comments that have been present in reference to the Draft Borough Charter.
3. Handed out the FY 17 budget to the departments so they can start thinking of necessities and how to save money. Actually asked to come up with a way to save \$100,000 that we are seeing go away with loose of Revenue Sharing and Timber Receipts. At least the legislature this year is still considering extending revenue sharing until 2019.
4. Both the State Forester and the Manager of Mental Health lands have been telling the city that they do not have any rights to Tolstoi tidelands. I believe they are incorrect as I have found the recorded survey and the patent from the State of Alaska granting the rights to the tide lands as recorded to the City of Thorne Bay.
5. Handed out a draft rental agreement for community connections. They are interested in purchasing the trailer from Nick Gefry and are asking if the city would consider renting them the land that the trailer sits on so they could move their operations from upstairs at the old News building. They feel this would make a good site and the draft agreement would allow them to fence in an area for the kids as well as add another bump out. One contingency is that they can get good internet service which AP&T is currently addressing. Hopefully that will be addressed as their request will be on the May 3rd agenda for action.

Old Business:

New Business:

- A. Expenditure of \$25,050 to Dowl is just FYI as these funds will be paid through already approved legislative grants for Sandy Beach Road Improvement, Davidson Landing Improvements and Waterfront Master Plan. Projects being reviewed will be continuation of the Sandy Beach project, Davidson Landing project (restrooms fire hall roof, caretaker infrastructure), tideland permits, ACOE permits for riprap and fill, Survey of lots at Sort Yard, reestablishing lot corners at commercial lots and improvements at the water and sewage plants based on the Consent Order.

Admin report attached to the April 19, 2016 City Council Minutes

- B. Expenditures of \$11,045.43 to AP&T is just FYI as these funds will be paid through the already approved legislative grants for Davidson Landing Improvements. The work is for power poles and lights to help light the parking area, boat launch, restrooms and shine light down onto the floats.

Ordinances for Introduction:

Ordinance for Public Hearing

- A. Ordinance 16-04-19-01, and ordinance amending Title 18-Harbor, Section 18.20.070-Priority in space assignment, discussion and action item.

Harbors: Shane has been busy doing spring cleaning by pressure washing the walkways and grid.

Streets and Roads: Work on some repairs to roads within South Thorne Bay Subdivision are about to start with the help of OVK and material coming from Chris Kuntz. The hold up getting material lined up and OVK finishing another project.

Water and Sewer: Working on ways to eliminate the big boiler at the Sewage Treatment Plant that is very costly to operate.

Solid Waste: Thorne Bay Cleanup day is scheduled for May 7th only and the costs are the same as last year. Slowly getting an area prepared for the loading of containers to ship municipal waste south and organized for separating material.

Law Enforcement: Relatively calm for the last couple weeks. The word is out to the troopers and VPSO that a little speed control is needed with vehicles, 4 wheelers and motorbikes, especially the non-licensed ones.

FIRE/EMS: Volunteers are always welcome, especially the younger ones. While the fire chief is out fishing this summer David Egelston and Shan Jennings will be co-chief for the operation.

Library: If the legislature continues to cut away at projects to save a few pennies there is the possibility of losing funding for the internet at the library.
