**Training for Jobs that Pay!**

## **Plumbing, Pipefitting & Welding:**

**December 3rd - 7th: Monday - Friday, 8am-4:30pm**

This 40 hour introductory training covers: hands-on practice for plumbing including; solder rigid copper, PEX tubing installation, threading steel pipe, cutting cast iron, and pro press. Rigging and signaling will also be covered.

## **Shielded Metal Arc Welding:**

**December 4th - 15th: Tuesdays & Thursdays from 6pm - 9pm and Saturdays from 9am to 4pm**

This 24 hour introductory training covers: vertical and horizontal stick welding, oxygen and acetylene cutting, safe use of hands-on tools and materials, welding practices, identifying joint design, fit-up and electrode selection. Hands-on practice with stick welding.

## **Electrical Pre-Apprenticeship:**

**December 10th - 14th: Monday - Friday, 8am-5pm**

This 40 hour introductory training covers: Basic electrical theory, electrical code, blueprints, and tool safety. Hands-on training includes; wiring of switches, GFCI receptacles, duplex receptacles, panels, 3-way and 4-way switches, bending EMT and rigid conduit. Students apply the skills they learn by assembling and wiring a lamp with a light switch, outlets, and USB receptacles.

## **Flux Core Arc Welding:**

**January 15th-26th: Tuesdays & Thursdays from 6pm - 9pm and Saturdays from 9am to 4pm**

This 24 hour introductory training covers; vertical and horizontal wire feed welding, oxygen and acetylene cutting, safe use of hands-on tools and materials, welding practices, identify joint design, fit-up and electrode selection. Hands-on practice with wire feed welding.

## **FREE CONSTRUCTION TRAINING**
