Thorne Bay City Council  
City of Thorne Bay  
P.O. Box 191  
Thorne Bay, Alaska 99919

Dear Members of the Thorne Bay City Council,

I wanted to take a moment to share some positive progress from Southeast Island School District and our partners across Prince of Wales Island regarding the expansion of meaningful Career and Technical Education (CTE) opportunities for our students.

Through strong collaboration among four districts—Southeast Island, Craig, Hydaburg, and Klawock—and meaningful partnerships with organizations such as Sealaska Heritage Institute (Amanda Triplett), Alaska Pathfinders (Zach Stenson), and Generations Southeast (Tlingit & Haida)—who will be hosting our CTE Intensive Weeks at their facility in Klawock—we have completed a year of intentional planning and coordination. This collective effort has resulted in a solid, forward-looking plan to expand CTE programming for students across the island.

Beginning this summer, we will launch our first course: an Introduction to Construction class. This marks the starting point of a broader effort to build sustainable, high-quality career pathways for our students.

Additionally, through federal support, we were awarded a five-year ARISE grant. This funding allows us to hire a full-time CTE instructor and grant director who will be based in SISD but serve students across all participating districts on Prince of Wales Island. This shared model ensures equitable access and maximizes the impact of the program.

Looking ahead to FY26–27, we have planned four CTE Intensive Weeks that will provide students with hands-on experiences in a variety of career pathways, including:

- Cosmetology
- ITOS I – Yamaha Marine Systems
- Intro to Heavy Equipment + OSHA 10
- CNA (Certified Nursing Assistant)
- Wilderness First Responder (WFR)
- Intro to Trades (Facilities Maintenance)
- Captain's License Program
- Young Electricians Training (IBEW)
- Cultural Arts, Indigenous Trades & Entrepreneurship

In addition to these intensive opportunities, SISD will offer year-long courses in welding, woodworking, and small engines, along with a six-week summer course in Introduction to Construction.

Importantly, all of these CTE programs are currently being funded outside of the state's base education funding formula, demonstrating both innovation and a strong commitment to expanding opportunities for our students despite ongoing funding challenges.

I wanted to share this update not as a request, but as a reflection of the positive work happening in Alaska's public schools. While we often reach out regarding the need for additional support to maintain our aging facilities and increased funding to help keep up with inflation, it is equally important to highlight the progress and partnerships that are helping prepare our students for meaningful careers and futures here in Alaska.

Thank you for your continued support of education and for your service to our communities.

Respectfully,

Rod Morrison  
Superintendent  
Southeast Island School District
